

Did you know

Newly launched **Sentinel Seal X** is already fast becoming a firm favourite with UK installers.

Sentinel has put together some great benefits about the product

- 1, White colour formulation aids visibility of application when working in poorly lit areas
- 2, Remains flexible once cured making it ideal for use on fittings or components that may require removal in the future
- 3, New flexible packaging prevents tube splitting, leading to product drying out prematurely
- 4, Suitable for use on both Hot and Cold water supplies
- 5, Non Irritant formulation improves handling and application
- 6, Improved formulation allows for greater use over a wider range of applications and materials
- 7, Compact tube design makes it ideal for storage in the toolbox

Seal X is a must

10 uses for Sentinel Seal - X Leak Sealer & Jointing Compound

Seal X as a **Jointing Compound** to ensure an even greater leak free joint.

- 1, When fitting a new or replacement Thermostatic Radiator Valve to your radiator
- 2, When fitting a replacement pair of Sink or Bath taps
- 3, When replacing a Motorized Valve on a Central Heating System

Seal X as a **Leak Sealer** to prevent re-occurrence of leaks on various types of plumbing fittings

- 1, Garden Tap
- 2, Isolation Valves
- 3, Stop Cocks
- 4, Pump Valves
- 5, Radiator Valves
