

Did you know?

Most own brand Inhibitors only contain one type of corrosion inhibitor whereas **Sentinel X100 Inhibitor** has a unique 'TripleTech Anti Corrosion Technology' which has 3 different kinds of heavy duty specialist corrosion inhibitors, each of which targets a specific metal type for unrivalled performance in a multi metal system, including aluminium.

Did you also know?

We don't make Inhibitors for anybody else and that's why Sentinel X100 is:

- ENDORSED BY LEADING HEATING EQUIPMENT MANUFACTURERS
- A PRODUCT RENOWNED FOR BOTH HIGH QUALITY & PERFORMANCE (INDEPENDENT RESEARCH PROVEN)
- DEVELOPED TO MEET BOILER MANUFACTURER WARRANTY

Double check it's TripleTech.™
